

Hillcrest Normal Parent Portal

All caregivers of children at Hillcrest Normal School have their own user account that will give access to reports, some assessments and attendance data. This will enable opportunities to build stronger ties between home and school and will provide another avenue for you as the parent/caregiver to engage with your child's learning journey.

Parent accounts have now been created. Please activate your account if you have not already done so (see instructions below).

Parent username convention is: 4 letters of first name followed by 4 letters of last name
For example: fredbrow

Note: A Parent's Hillcrest Normal Ultranet user account is linked to the parent's email address that has been provided to the school.

If we have your current email address on the school's system then follow these steps to set a password:
